

## **JOINER (Vintage Woodworks, located in Central Saanich)**

### **About you and the position:**

The successful applicant will be a self-starter who has strong hand skills, is organized, and has experience in solid wood construction. You have a passion for the trades, and display a high work ethic.

If selected, you will work amongst our team specializing in providing restoration products for historic windows, doors, mouldings and brackets. We also have a large assortment of hardware for windows and doors. You will work with materials using both new and old techniques and like us; you will proudly stand behind our products. You will have the opportunity to be trained in the methods of millwork shops from years gone by and will experience the quality craftsmanship that can last a lifetime.

If you have the requirements listed below and want to work in a family-oriented environment surrounded by people who truly care about what they are doing and pride themselves in producing the highest quality product in the industry please submit your resume through this job posting.

### **Requirements include:**

- Familiar with through mortice and tenon joinery
- Solid wood window and door construction
- Rough lumber breakout and preparation
- Able to accurately work and layout in imperial measurements
- Glazing in both thermal and traditional single glazed products
- Understanding plans and blueprints
- A keen eye for detail
- Good math skills for working out measurements and the ability to follow technical plans.
- 3+ years related experience in basic carpentry
- Ability to lift over 50 lbs
- Ability to perform physical activities such as, but not limited to standing, climbing, walking, etc.

### **Knowledge and skills to work on the following equipment:**

- Shapers
- Jointer
- Upcut saw
- Router

- Table saw
- Straight line rip saw
- Radial arm saw
- Chain chisel morticer
- Chop saw
- Planner
- Thickness sander

**About Us:**
